Total Gas Flooding/Deluge Water Spray/Long Throw Sprinkler Installation

Dear all Members of FSICA and Practitioners,

We are pleased to notify you that the FS Training Course – Planning & Design for Special Hazard Fire Protections Systems – Total Gas Flooding/Deluge Water Spray/Long Throw Sprinkler Installation is being organized for our practitioners on 17 June 2015. Practitioners of the fire services industry who participate in the course would certainly benefit from it.

Abstract:

There are some areas with special hazard and building orientation, typical water sprinkler may not be a suitable means to act as fire-fighting system, hence, it is going to discuss the corresponding planning and system selection considerations on FS installations. Besides, it is going to discuss the systems design approach and application on Total Gas Flooding system, or deluge water system, or long throw sprinklers.
