Speaker:

James Golinveaux

Senior Fellow – Water Fire Suppression Products

With 30 years of experience in the fire protection industry including both contracting and manufacturing, Mr. Golinveaux is currently a Senior Fellow of Water Suppression Products for Tyco Fire Protection Products. His current role applies his experience globally in the fire protection industry to develop advancements in water-based fire protection devices and systems. He currently holds 12 US Patent families in Automatic Sprinkler Technologies. James is a current member of the NFPA Standards Council, a past member or the Board of Trustees for the Fire Protection Research Foundation, as well as multiple other Boards and Councils including in the Factory Mutual Advisory, AFSA, NFSA, International Fire Sprinkler Association and the Fire Sprinkler Association of Brazil.

Mr Golinveaux is also a subject matter expert for past two editions of the NFPA Fire Protection Handbook and the NFPA 13 Handbook on Storage and Residential Sprinklers. He has also served for NFPA 13 Technical Committee for the past 18 years and has chaired the storage task group for the last 13 years. Additionally he is a technical committee member of NFPA 88A, 101 and 5000.
