

Introduction of a Registered Fire Engineer Scheme for the Implementation of Third Party Fire Safety Certification in Hong Kong

You may recall that Hong Kong Fire Services Department (FSD) is conducting a study on the feasibility of implementing a Third Party Fire Safety Certification by introducing a Registered Fire Engineer (RFE) Scheme in Hong Kong.

Having incorporated the comments/suggestions received in the first round consultation, FSD have revised the RFE Scheme and they are now launching the 2nd round of trade consultation.

Being one of the stakeholders of the industry, we get the support from the Fire Services Department for a talk to present the detail of the paper and seek for views from the participants during the talk.

We invited Mr. Leung Kwun Hong, Senior Divisional Officer of Fire Services Department as our honorable speaker to deliver the talk.
